

**SHARC PARTICIPATION AT THE 45TH ANNUAL SCIENTIFIC MEETING OF THE
RESEARCH SOCIETY ON ALCOHOLISM: JUNE 25-29, 2022 : ORLANDO, FLORIDA**

Seungjun Ahn (sahn1@ufl.edu), **Akemi Wijayabahu** (akemiwijayabahu@ufl.edu)

*Wijayabahu, A.T., *Ahn, S., Leeman, R. F., Baum, M., Devieux, J.G., Cohen, R.A., Govind, V., Zhou, Z., Cook, R.L. (*Authors contributed equally). **Changes in the Mediterranean dietary pattern after a contingency management intervention for persons who are heavy drinkers at baseline.** [poster]

Mark Britton (mark.britton@ufl.edu)

Britton, M.K., Porges, E.C., and Cohen, R.A. **Sex-Specific Effects of Heavy Drinking on Processing Speed in Adults Living with HIV.** [poster]

Dr. Vaughn Bryant (vaughn.bryant@jax.ufl.edu)

Bryant, V.E., Li, Z., Song, S., Ghare, S., Singhal, R., Cohen, R.A., Cook, R.L., Barve, S. **HIV-associated neurocognitive disorders are associated with gut microbial dysbiosis marked by a loss of butyrate producing bacteria.** [presentation at Satellite Meeting, Orlando, FL].

Neo Gebru (ngebru@ufl.edu)

Gebru, N., Berey, B., Frohe, T., Aston, E., Yurasek, A. Leeman, R.F. **Relations between alcohol impaired control and behavioral economic demand in the context laboratory alcohol self-administration among young adults who drink heavily.** [poster].

Dr. Pallikkuth (spallikkuth@med.miami.edu), **Dr. Govind** (vgovind@med.miami.edu)

Pallikkuth, S., Govind, V., Roach, M., Cameron, M., Cohen, R., Pahwa, S., Cook, R.L. **Effects of heavy alcohol use and intervention on the inflammation, immune-activation and -exhaustion, and cell transcriptomic profiles in individuals with HIV infection.** [poster].

Elena Kalina (ekalina@ufl.edu)

Kalina E., Wilson, B., Berey, B., Frohe, T., Benvenuti, M.C., Schaefer, S., O'Malley, S., & Leeman, R.F. **Validity of a lab paradigm to capture impaired control over alcohol use.** [poster].

Wilson, B., Kalina, E., Rosner, B., Berey, B., Frohe, T., Stellefson, M., Muench, F., O'Malley, S., & Leeman, R.F. **Factor structure, reliability and validity of a modified system usability scale for alcohol-related technology among young adults who drink heavily.** [poster]

Dr. Liana Hone (lhone@ufl.edu)

Masterson, A.P., Moran, J.B., & Hone, L.S.E. **Sociosexuality is related to intoxicated and unprotected sex in college students.** [poster].

Christina Parisi (christina.parisi@ufl.edu), **Dr. Robert Cook** (cookrl@ufl.edu)

Parisi, C., Chichetto, N., Wang, Y., Bryant, K., Widmeyer, M., Cook, R.L. **Past experiences and preferred future strategies to reduce alcohol use among people with HIV: Results from Wave III of the Florida Cohort.** [poster].

Veronica Richards (vrichh@ufl.edu)

Richards, V.L., Wang, Y., Porges, E.C., Gullett, J.M., Leeman, R.F., Zhou, Z., Barnett, N.P., Cook, R.L. **Correlations between changes in transdermal alcohol concentration and phosphatidylethanol in a contingency management study.** [poster].

Dr. Jillian Rung (jrung@ufl.edu)

Rung, J. M., Gebru, N. M., Berey, B. L., Frohe, T., O'Malley, S. S., & Leeman, R.F. **Does delay discounting predict alcohol consumption in a human laboratory model of impaired control?** [poster].

Dr. Nicole Scaglione (nscaglione@ufl.edu)

Ijdi, R., Scaglione, N. M., & Carr, C. **What influences sexual assault protective behavior use in college women? A prospective analysis of decision processes and individual differences.** [poster].

Rizzo, A. J., Klein, L. B., & Scaglione, N. M. **Alcohol's role in how bystanders respond to campus sexual assault: A systematic review.** [poster].

Scaglione, N. M., Kan, M., Carr, C., Cohen, J., & Pound, L. **Why do we need to talk about alcohol? A stakeholder-driven approach for integrating alcohol content into tailored sexual assault prevention programs.** In A. E. Jaffey & J. A. Blayney (Symposium Chairs), Emerging online interventions targeting alcohol use and sexual assault. Symposium scheduled for 8am on Wednesday, June 29th.

Dr. Bethany Stennett (bstennett@phhp.ufl.edu)

Stennett, B., Sevel, L., Boissoneault, J. **Association of prefrontal and cerebellar gray matter density with subjective intoxication following acute alcohol intake.** [poster].

Aghabeigi, S., Stennett, B., Boissoneault, J. **Placebo blinding efficacy as a moderator of pain relief and pain threshold following acute alcohol intake.** [poster].

Dr. Yan Wang (ywang48@ufl.edu)

Wang, Y., Richards, V.L., Leeman, R.F., Porges, E.C., Moradel Cano, F.N., Barnett, N.P., Kahler, C.W., Govind, V., Devieux, J.G., Bryant, K.J., Cohen, R.A., Cook, R.L. **Drinking reduction after 30-day contingency management in persons with and without HIV: A comparison of self-report and biosensor-based outcomes.** [poster].
